RE: Update: West Virginia American Water Follow-up Response to Sen. Rockefeller
DATE: January 29, 2014

Many of you have contacted me regarding the status of ongoing correspondence between Senator Rockefeller and West Virginia American Water President Jeff McIntyre. **The Senator received an update from Mr. McIntyre, which you can read by clicking this [link](#).**

To recap, Senator Rockefeller on Friday, January 17 wrote a letter to Mr. McIntyre, seeking additional clarity on the company's ongoing efforts to monitor and remove crude MCHM from customers' drinking water. (Read that letter [here](#).) Mr. McIntyre responded to that letter and the Senator's questions, and included a fact sheet about the company's next steps. (Read that letter [here](#). The fact sheet is [here](#).)

Senator Rockefeller followed up with a second letter which contained additional, more specific questions—hence, the purpose of this memo. Read Rockefeller's second letter [here](#).

The Senator is appreciative of Mr. McIntyre's time and efforts in answering his questions, and will follow up as appropriate.

As always, don't hesitate to reach out to me if you have any questions. I can be reached at my office at 304-347-5504, or by cell phone at 304-654-2973.

Thanks.
